

**Dear Dr. Baraliakos:**

You might remember that we briefly met at the Charité Hospital in Berlin recently.

On behalf of the Chilean Society of Rheumatology, I would be glad to invite you to our XXIX Rheumatology Congress, that will be held in the city of Concepción-Chile during the first week of September 2013 (4-7).

This is our first formal communication. Please let me know if you are interested in participating in the conference.

It would be great if you could speak about a topic related to your research. Please feel free to choose anything you would like to present to the Chilean Rheumatologists.

If possible, it would be interesting if you could prepare more than one lecture to be given over the course of one or two days.

At this moment we have not decided on a specific date, but as we approach the next year we will have more concrete details.

Please feel free to contact me at your convenience. We look forward to hearing from you.
